## Puzzle Masters, Forensic Detectives: *The Case of the Stolen Jewels*

Join Ms. Aisha in Puzzle Masters clubs on Tuesdays! Puzzle Masters is an after school club designed to introduce students to different types of puzzles. It serves to foster cognitive reasoning skills by encouraging participants to think outside the box. This session of puzzles follows the theme of forensic detectives and will include both chemistry and science-based puzzles. Over the 7 week session, Jr. Forensic Detectives will collect and study evidence, interview witnesses, and use deduction skills to solve a mysterious puzzle!

Ms. Aisha has been part of the CCC and CRA team since 2017! She graduated from the University of California, Irvine with a degree in Educational Sciences and has enjoyed working with children of all ages for over 15 years! She has a talent for planning engaging and exciting themed events and games for the students at CCC! She is looking forward to presenting the newest mystery puzzle for students to solve this session! This club will also focus on creative thinking, reasoning, and teamwork skills!
